INVITATION TO HOLDERS TO TENDER ANY AND ALL OF THEIR EXISTING NOTES UP TO THE MAXIMUM ACCEPTANCE AMOUNT

Summary of the Outstanding Existing Notes

On 4 June 2015, the Company issued the Existing Notes (ISIN: XS1242348164; Common Code: 124234816) under its then U.S.\$2,000,000,000 Euro Medium Term Note Programme, which will mature on 4 June 2025, unless previously redeemed, or purchased and cancelled pursuant to the terms and conditions thereof. The Existing Notes are listed on the SGX-ST.

As of the date of this announcement, the principal amount of the Existing Notes outstanding is U.S.\$1,000,000,000.

INVITATION TO HOLDERS TO TENDER ANY AND ALL OF THEIR EXISTING NOTES UP TO THE MAXIMUM ACCEPTANCE AMOUNT

The Tender Offer

The Company is pleased to announce that it is making an invitation to Eligible Holders to purchase their Existing Notes for cash up to the Maximum Acceptance Amount, on the terms and subject to the conditions and restrictions set out in the Tender Offer Memorandum (the “**Tender Offer**”).

Upon the terms and conditions set out in the Tender Offer Memorandum, the Company is inviting Eligible Holders to tender their Existing Notes for purchase by the Company for cash, of an aggregate principal amount of the Existing Notes of up to the Maximum Acceptance Amount of the Existing Notes at a purchase price of U.S.\$1,000 per U.S.\$1,000 principal amount of the Existing Notes, plus Accrued Interest. The Company will determine, in its sole discretion, the aggregate principal amount of Existing Notes (if any) that it will accept for purchase pursuant to the Tender Offer, which in any case will not be greater than the aggregate principal amount of the New Notes. The Maximum Acceptance Amount will be determined and announced by the Company as soon as reasonably practical after the Expiration Deadline or such other date in the Company’s sole discretion, which in any case will not be greater than the aggregate principal amount of the New Notes. The Company reserves the right, in its sole discretion, to increase or otherwise modify the Maximum Acceptance Amount, to accept less than the Maximum Acceptance Amount, or to accept none of such Existing Notes, for purchase pursuant to the Tender Offer. Acceptance of tendered Existing Notes may be subject to proration as described in the Tender Offer Memorandum. The Company will also pay an amount equal to the accrued and unpaid interest, from and including the last interest payment date up to, but excluding, the Settlement Date on the principal amount of all Existing Notes accepted for purchase pursuant to the Tender Offer. No tenders of the Existing Notes will be valid if submitted after the Expiration Deadline.

The Tender Offer is conditional upon satisfaction of certain conditions, including, but not limited to, the settlement of the Company’s proposed issuance of the New Notes on or prior to the Settlement Date, in an amount which is satisfactory to the Company, determined in its sole discretion (the “**Financing Condition**”), unless waived by the Company in its sole and absolute discretion.

Proration

If the aggregate principal amount of Existing Notes validly tendered is greater than the Maximum Acceptance Amount, the Company intends to (i) accept tenders of Existing Notes for purchase validly tendered pursuant to any Tender Instruction specifying a valid Investor Code (as defined below) (“**Preferred Instructions**”), and (ii) accept tenders of Existing Notes for purchase pursuant to any Tender Instruction without specifying a valid Investor Code (“**Non-Preferred Instructions**”), on a *pro rata* basis such that the aggregate principal amount of Existing Notes accepted for purchase is not greater than the Maximum Acceptance Amount. Such *pro rata* application will be performed by accepting (in respect of each relevant Non-Preferred Instruction) that proportion of Existing Notes

validly tendered which is equal to (x) the Maximum Acceptance Amount less the principal amount of Existing Notes validly tendered pursuant to Preferred Instructions divided by (y) the aggregate principal amount in respect of all Existing Notes validly tendered pursuant to Non-Preferred Instructions, subject to adjustment resulting from the rounding of tenders of Existing Notes and the intentions of the Company described in the next paragraph.

Each tender of Existing Notes that is scaled in this manner will be rounded down to the nearest integral multiple of U.S.\$1,000. In addition, in the event of any such scaling:

- (A) the Company will use reasonable endeavours to apply *pro rata* scaling to each valid tender of Existing Notes pursuant to Non-Preferred Instructions in such a manner as will result in both: (i) the relevant Eligible Holder transferring Existing Notes to the Company in a principal amount of at least U.S.\$200,000 (unless the relevant Non-Preferred Instruction is rejected in its entirety, as described in (B) below); and (ii) the relevant Eligible Holder's residual amount of Existing Notes (being the principal amount of Existing Notes the subject of the relevant Non-Preferred Instruction that is not accepted for purchase by the Company by virtue of such scaling) amounting to either (x) at least the minimum denomination of U.S.\$200,000 or (y) U.S.\$0 and, subject as provided in (B) below, the Company therefore reserves the right (but shall not be obliged) to adjust the relevant scaling factor applicable to any relevant Non-Preferred Instruction accordingly; and
- (B) if, following the application of *pro rata* scaling (prior to any adjustment as referred to in paragraph (A) above), the principal amount of Existing Notes otherwise due to be accepted for purchase from an Eligible Holder pursuant to a Non-Preferred Instruction would be less than U.S.\$200,000, the Company may in its sole discretion choose to (i) accept at least U.S.\$200,000 or (ii) reject the relevant Non-Preferred Instruction in its entirety. All Existing Notes not accepted as a result of scaling will be returned to relevant holder on the Settlement Date.

Any Eligible Holder that gives instructions on behalf of a beneficial owner must give separate instructions with respect to each of its beneficial owners, each equal to the minimum tender amount of U.S.\$200,000, and integral multiples of U.S.\$1,000 in excess thereof.

Concurrent offering of the New Notes, Priority of Acceptance and Preferential Allocation

The Company is concurrently conducting an offering of the New Notes. See below on "Concurrent Proposed Notes Issue". Any investment decision to purchase any New Notes should be made solely on the basis of the information contained in the Offering Documents, and no reliance is to be placed on any information other than that contained in the Offering Documents.

An Eligible Holder that wishes to tender its Existing Notes for purchase pursuant to the Tender Offer in addition to subscribing for New Notes may receive (at the Company's sole and absolute discretion) priority of acceptance ("**Priority of Acceptance**") in the Tender Offer through the use of an Investor Code, subject to conditions (including, but not limited to, the Financing Condition) which are set out in the Tender Offer Memorandum.

Any Eligible Holder can request an Investor Code by contacting the Dealer Managers, the contact details for which are set out in the Tender Offer Memorandum. The Information and Tender Agent will, upon receipt of certain required information from the Dealer Managers, provide such Investor Code to the relevant Eligible Holder. The receipt of a unique reference number obtained from the Dealer Managers by an Eligible Holder who wishes to tender its Existing Notes in the Tender Offer in addition to subscribing for New Notes (an "**Investor Code**") does not constitute acceptance of a tender of Existing Notes for purchase pursuant to the Tender Offer by the Company.

Any Eligible Holder that wishes to receive a Priority of Acceptance must specify in the free format text field of its Tender Instruction (i) the Investor Code, (ii) the name of the beneficial owner of the Existing

Notes being tendered and (iii) a contact telephone number for the beneficial owner of such Existing Notes. An Eligible Holder that wishes to tender Existing Notes for purchase pursuant to the Tender Offer but does not wish to subscribe for New Notes can submit a Tender Instruction to this effect and without an Investor Code.

If the aggregate principal amount of Existing Notes tendered for purchase is greater than the Maximum Acceptance Amount, the Company will accept Existing Notes validly tendered pursuant to Preferred Instructions in priority to Existing Notes validly tendered pursuant to Non-Preferred Instructions. See also above on “Proration”.

Priority of Acceptance may be given, at the Company’s sole and absolute discretion, for an aggregate principal amount of Existing Notes subject to a Preferred Instruction equal to the aggregate principal amount of New Notes allocated to the relevant Eligible Holder in the distribution of the New Notes. If an Eligible Holder submits a Preferred Instruction representing an aggregate principal amount of Existing Notes greater than the aggregate principal amount of New Notes that is allocated to the relevant Eligible Holder in the distribution of New Notes, the Company may, in its sole and absolute discretion, treat any such excess amount as a Non-Preferred Instruction.

The New Notes may price before the Expiration Deadline and such pricing may be completed without any further announcement to the Eligible Holders. An Eligible Holder who wishes to subscribe for the New Notes should notify the Dealer Managers as soon as possible in order to receive further details regarding how to subscribe for the New Notes. An Eligible Holder that wishes to receive a Priority of Acceptance must specify the Investor Code in its Tender Instruction.

The Company may, acting in its sole and absolute discretion, decline to accept an application quoting an Investor Code in the event that an Eligible Holder specifies a wrong Investor Code or in the case there is any other irregularity or defect related to the Investor Code, which irregularity or defect will be determined by the Company in its sole discretion. The Company reserves the absolute right to waive any such irregularity or defect.

An Eligible Holder that wishes to subscribe for New Notes in addition to tendering its Existing Notes for purchase pursuant to the Tender Offer may receive preference in the allocation of such New Notes, subject to conditions (including, but not limited to, the Financing Condition) which are set out in the Tender Offer Memorandum. When considering allocations of New Notes, the Company, among other factors, intends to look favourably upon those Eligible Holders who have, prior to the allocation of the New Notes, indicated their firm intention to the Company or the Dealer Managers to tender their Existing Notes. Accordingly, if an Eligible Holder submits a bid for New Notes to one of the Dealer Managers (in its capacity as a joint lead manager (each, a “**Joint Lead Manager**” and together, the “**Joint Lead Managers**”) in the concurrent offering of the New Notes) in accordance with the standard new issue procedures of such Joint Lead Manager, the Company may, in its sole and absolute discretion, accord such Eligible Holder a preferential allocation of the New Notes (a “**Preferential Allocation**”). However, neither the Company nor the Dealer Managers are obligated to allocate New Notes or any particular quantity of New Notes to an Eligible Holder that has validly tendered or indicated its firm intention to tender Existing Notes in the Tender Offer. As the New Notes may price before the Expiration Deadline, Eligible Holders who wish to obtain a Preferential Allocation should indicate their firm intention to the Company or the Dealer Managers as soon as possible and submit a bid for the New Notes, which should be in the form of a separate application to a Joint Lead Manager in the concurrent offering of the New Notes in accordance with the standard new issue procedures of such Joint Lead Manager.

The New Notes will only be offered in transactions exempt from the registration requirements of the Securities Act. The Tender Offer is not an offer to sell or a solicitation of an offer to buy the New Notes. The Tender Offer Memorandum relates exclusively to the Tender Offer and is not, and should not be construed to be, an offering of any securities.

The New Notes will be offered or sold only outside the United States in “offshore transactions” as defined in, and in reliance on, Regulation S under the Securities Act. No action has been or will be taken in any jurisdiction in relation to any New Notes to permit a public offering of securities. The Company will not consider any investors for priority allocation of New Notes as described above unless such investor will be able to comply with the requirements of Regulation S under the Securities Act and any applicable securities laws of any state or territory of the United States. Accordingly, the New Notes are being offered and sold only in offshore transactions in reliance on Regulation S under the Securities Act. None of the New Notes will be offered in Singapore other than to institutional investors (as defined in Section 4A of the SFA) pursuant to Section 274 of the SFA, or to accredited investors (as defined in Section 4A of the SFA) pursuant to and in accordance with the conditions specified in Section 275 of the SFA and (where applicable) Regulation 3 of the Securities and Futures (Class of Investors) Regulations 2018.

In the event that an Eligible Holder validly tenders its Existing Notes pursuant to the Tender Offer, such Existing Notes will remain subject to such tender and the conditions of the Tender Offer as set out in the Tender Offer Memorandum irrespective of whether that Eligible Holder receives all, part or none of any allocation of New Notes.

Purpose

The purpose of the Tender Offer is to proactively manage the Company’s upcoming debt maturities and extend its debt maturity profile.

Sources of Funds

The Company intends to finance the Tender Offer with the proceeds of issue from the proposed offering of the New Notes.

Tender Instruction

In order to participate in, and be eligible to receive the Purchase Price and Accrued Interest Payment pursuant to, the Tender Offer, Eligible Holders must validly tender their Existing Notes for purchase by delivering, or arranging to have delivered on their behalf, a valid Tender Instruction (as defined below) that is received by the Information and Tender Agent by the Expiration Deadline, unless extended, re-opened, amended and/or terminated as provided in the Tender Offer Memorandum.

Eligible Holders are advised to check with any bank, securities broker or other intermediary through which they hold Existing Notes when such intermediary would need to receive instructions from an Eligible Holder in order for that Eligible Holder to be able to participate in the Tender Offer by the deadline specified in the Tender Offer Memorandum. Custodians, Direct Participants and Clearing Systems will have deadlines for receiving instructions prior to the Expiration Deadline and Eligible Holders should contact the intermediary through which they hold their Existing Notes as soon as possible to ensure proper and timely delivery of instructions.

Separate Tender Instructions must be submitted on behalf of each beneficial owner due to potential proration. Except in the limited circumstances as described in the Tender Offer Memorandum, Tender Instructions will be irrevocable once delivered in accordance with the terms of the Tender Offer.

Each Tender Instruction must specify the principal amount of the Existing Notes that the relevant Eligible Holder is tendering at the Purchase Price. The Existing Notes may be tendered only in minimum denominations of U.S.\$200,000 and integral multiples of U.S.\$1,000 in excess thereof.

Indicative Timetable for the Tender Offer

The Tender Offer will commence on 21 October 2024 and will expire at 4:00 p.m. (London time) /

11:00 p.m. (Singapore time) on 28 October 2024, unless extended, re-opened, amended and/or terminated by the Company as provided in the Tender Offer Memorandum. The Company may, in its sole discretion, extend, re-open, amend, waive any condition of or terminate the Tender Offer at any time (subject to applicable law and as provided in the Tender Offer Memorandum). Details of any such extension, re-opening, amendment, waiver or termination will be announced as provided in the Tender Offer Memorandum as soon as reasonably practicable after the relevant decision is made.

The Company expects to announce the results of the Tender Offer on or about 29 October 2024, subject to the right of the Company to extend, re-open, amend or terminate the Tender Offer at any time.

The Settlement Date for the Tender Offer is expected to be on or about 1 November 2024 subject to the right of the Company to extend, re-open, amend or terminate the Tender Offer at any time.

Eligible Holders who do not participate in the Tender Offer, or whose Existing Notes are not accepted for purchase by the Company, will continue to hold their Existing Notes subject to the terms and conditions of such Existing Notes.

TENDER OFFER MEMORANDUM

This announcement must be read in conjunction with the Tender Offer Memorandum. The Tender Offer Memorandum, available from the Tender Offer Website, contains important information which should be read carefully by Eligible Holders before any decision is made with respect to the Tender Offer. None of the Company, the Dealer Managers or the Information and Tender Agent (or any of their respective directors, officers, employees, agents, representatives or affiliates) makes any recommendation as to whether the Eligible Holders should tender their Existing Notes pursuant to the Tender Offer.
