The Offer is conditional upon satisfaction of certain conditions (including, but not limited to, the Financing Condition (as defined in this Tender Offer Memorandum)) unless waived by the Company in its sole and absolute discretion. The Company reserves the right, in its sole discretion, to increase or otherwise modify the Maximum Acceptance Amount, accept less than the Maximum Acceptance Amount, or to accept none of such Existing Notes, for purchase pursuant to the Offer. The Existing Notes are listed on the Singapore Exchange Securities Trading Limited (the “**SGX-ST**”).

Subject to the conditions to the Offer, Eligible Holders (as defined below) that validly tender their Existing Notes by way of a valid Tender Instruction (as defined below) at or prior to the Expiration Deadline (and provided such tender is received by the Information and Tender Agent at or prior to the Expiration Deadline) will be eligible to receive the Purchase Price plus any Accrued Interest Payment thereof.

The Purchase Price will be payable to the Eligible Holders whose Existing Notes are accepted for purchase and will be payable in cash on the Settlement Date (as defined below). Acceptance of tendered Existing Notes may be subject to proration as described herein. The Company will also pay an amount equal to the accrued and unpaid interest, from and including the last interest payment date up to, but excluding, the Settlement Date on the principal amount of all Existing Notes accepted for purchase pursuant to the Offer.

The Offer is being made in connection with a concurrent offering of new U.S. dollar-denominated notes (the “**New Notes**”) by the Company under its U.S.\$5,000,000,000 Euro Medium Term Note Programme pursuant to the offering circular dated 29 April 2024 in respect of the Euro Medium Term Note Programme of the Company, as supplemented by the supplemental offering circular dated 21 October 2024 and the pricing supplement relating to the New Notes (together, the “**Offering Documents**”). The offer of the New Notes will be exempt from the registration requirements of the U.S. Securities Act of 1933, as amended (the “**Securities Act**”), in accordance with Regulation S under the Securities Act. The Offer is not an invitation to sell or a solicitation of an offer to buy the New Notes. The Company’s obligation to accept for purchase any Existing Notes validly tendered (and not validly withdrawn) in the Offer is conditioned on the settlement of the Company’s proposed issuance of the New Notes on or prior to the Settlement Date, in an amount which is satisfactory to the Company, determined in its sole discretion (the “**Financing Condition**”) and the satisfaction and waiver of the other conditions of the Offer.

An Eligible Holder that wishes to tender its Existing Notes for purchase pursuant to the Offer in addition to subscribing for New Notes may receive (at the Company’s sole and absolute discretion) priority of acceptance (“**Priority of Acceptance**”) in the Offer through the use of an Investor Code, subject to conditions (including, but not limited to, the Financing Condition) which are set out in this Tender Offer Memorandum. See “The Offer – Concurrent Offering of the New Notes, Priority of Acceptance and Preferential Allocation”.

Existing Notes may only be tendered in minimum denominations of U.S.\$200,000 and integral multiples of U.S.\$1,000 in excess thereof. This Tender Offer Memorandum contains important information that should be read before any decision is made with respect to the Offer. In particular, see “Risk Factors and Other Considerations” for a discussion of certain factors which should be considered in connection with the Offer.

Except in the limited circumstances as described in “Amendment and Termination — Revocation Rights” in this Tender Offer Memorandum, Tender Instructions in connection with the Offer are irrevocable and Eligible Holders may not withdraw Tender Instructions at any time once delivered in accordance with the terms herein.

Only Direct Participants (as defined below) in Euroclear Bank SA/NV (“**Euroclear**”) or Clearstream Banking S.A. (“**Clearstream**”), may submit instructions through Euroclear and Clearstream. An Eligible Holder who is not a Direct Participant in Euroclear or Clearstream must contact its broker, dealer, bank, custodian, trust company or other nominee to arrange for its Direct Participant through which it holds Existing Notes to submit an instruction on its behalf to the relevant clearing system prior to the deadline specified by the relevant clearing system. Any Eligible Holder that gives instructions on behalf of a beneficial holder must give separate instructions with respect to each of its beneficial holders. Eligible Holders who intend to make different elections with respect to portions of their holding of Existing Notes must deliver separate instructions with respect to each such portion. Upon giving instructions with respect to any Existing Notes, those Existing Notes will be blocked and may not be transferred until this Tender Offer Memorandum is terminated so as to result in a cancellation of such instructions.

ELIGIBLE HOLDERS MUST MAKE THEIR OWN DECISION WHETHER TO TENDER EXISTING NOTES IN THE OFFER. NONE OF THE COMPANY, THE DEALER MANAGERS, THE INFORMATION AND TENDER AGENT (EACH AS DEFINED BELOW) OR ANY OTHER PERSON IS MAKING ANY RECOMMENDATION AS TO WHETHER OR NOT ELIGIBLE HOLDERS SHOULD TENDER EXISTING NOTES IN THE OFFER.

This Tender Offer Memorandum contains important information which should be read carefully before any decision is made with respect to the Offer. Any individual or company whose Existing Notes are held on its behalf by a broker, dealer, bank, custodian, trust company or other nominee or intermediary must contact such entity if it wishes to tender such Existing Notes for purchase pursuant to the Offer. The distribution of this document in certain jurisdictions may be restricted by law (see “Offer and Distribution Restrictions”). None of the Dealer Managers, the Information and Tender Agent or the Company (or any of their respective directors, officers, employees, agents, representatives or affiliates) makes any recommendation as to whether holders of Existing Notes should tender Existing Notes for purchase pursuant to the Offer. None of the Company, the Dealer Managers or the Information and Tender Agent (or any of their respective directors, officers, employees, agents, representatives or affiliates) is providing Eligible Holders with any legal, business, tax or other advice in this Tender Offer Memorandum. If any Eligible Holder is in any doubt as to the contents of this Tender Offer Memorandum or the action it should take, it is recommended to seek its own financial and legal advice, including in respect of any tax consequences, immediately from its broker, bank manager, solicitor, accountant or other independent financial, tax or legal adviser. Eligible Holders should consult with their own advisers as needed to assist them in making an investment decision and to advise them whether they are legally permitted to tender Existing Notes for cash. The Information and Tender Agent is the agent of the Company and owes no duty to any Eligible Holder.

The invitation by the Company to Eligible Holders contained within this Tender Offer Memorandum is an invitation to treat by the Company, and any references to any offer or invitation being made by the Company under or in respect of the Offer shall be construed accordingly.

THE OFFER

The Offer is made on the terms and subject to the conditions set out in this Tender Offer Memorandum. Capitalised terms used in this Tender Offer Memorandum have the meaning given in “Definitions” and any other definitions of such terms are for ease of reference only and shall not affect their interpretation.

Before making a decision whether to tender any Existing Notes for purchase, Eligible Holders should carefully consider all of the information in this Tender Offer Memorandum and, in particular, the risk factors described in “Risk Factors and Other Considerations”.

RATIONALE

The purpose of the Offer is to proactively manage the Company’s upcoming debt maturities and extend its debt maturity profile.

MAXIMUM ACCEPTANCE AMOUNT

On the terms and subject to the conditions of the Offer, the Company is offering to purchase, for cash in U.S. dollars, an aggregate principal amount of Existing Notes up to the Maximum Acceptance Amount. The Company will determine, in its sole discretion, the aggregate principal amount of Existing Notes (if any) that it will accept for purchase pursuant to the Offer, which in any case will not be greater than the Maximum Acceptance Amount. The Maximum Acceptance Amount will be determined and announced by the Company as soon as reasonably practical after the Expiration Deadline or such other date in the Company’s sole discretion, which in any case will not be greater than the aggregate principal amount of the New Notes. The Company reserves the right, in its sole discretion, to increase or otherwise modify the Maximum Acceptance Amount, to accept less than the Maximum Acceptance Amount, or to accept no Existing Notes, for purchase pursuant to the Offer.

PURCHASE PRICE

The Purchase Price, payable to the Eligible Holders whose Existing Notes are accepted for purchase, will be equal to U.S.\$1,000 for each U.S.\$1,000 in principal amount of Existing Notes, exclusive of the Accrued Interest (as defined below).

ACCRUED INTEREST PAYMENT

The Company will also pay an Accrued Interest Payment (as defined below) in respect of Existing Notes accepted for purchase pursuant to the Offer on the Settlement Date.

PRORATION

If the aggregate principal amount of Existing Notes validly tendered is greater than the Maximum Acceptance Amount, the Company intends to (i) accept tenders of Existing Notes for purchase validly tendered pursuant to any Tender Instruction specifying a valid Investor Code (as defined below) (“**Preferred Instructions**”), and (ii) accept tenders of Existing Notes for purchase pursuant to any Tender Instruction without specifying a valid Investor Code (“**Non-Preferred Instructions**”), on a *pro rata* basis such that the aggregate principal amount of Existing Notes accepted for purchase is not greater than the Maximum Acceptance Amount. Such *pro rata* application will be performed by accepting (in respect of each relevant Non-Preferred Instruction) that proportion of Existing Notes validly tendered which is equal to (x) the Maximum Acceptance Amount less the principal amount of Existing Notes validly tendered pursuant to Preferred Instructions divided by (y) the aggregate principal amount in respect of all Existing Notes validly tendered pursuant to Non-Preferred Instructions, subject to adjustment resulting from the rounding of tenders of Existing Notes and the intentions of the Company described in the next paragraph.

Each tender of Existing Notes that is scaled in this manner will be rounded down to the nearest integral multiple of U.S.\$1,000. In addition, in the event of any such scaling:

- (A) the Company will use reasonable endeavours to apply *pro rata* scaling to each valid tender of Existing Notes pursuant to Non-Preferred Instructions in such a manner as will result in both: (i) the relevant Eligible Holder transferring Existing Notes to the Company in a principal amount of at least U.S.\$200,000 (unless the relevant Non-Preferred Instruction is rejected in its entirety, as described in (B) below); and (ii) the relevant Eligible Holder’s residual amount of Existing Notes (being the principal amount of Existing Notes the subject of the relevant Non-Preferred Instruction that is not accepted for purchase by the Company by virtue

of such scaling) amounting to either (x) at least the minimum denomination of U.S.\$200,000 or (y) U.S.\$0 and, subject as provided in (B) below, the Company therefore reserves the right (but shall not be obliged) to adjust the relevant scaling factor applicable to any relevant Non-Preferred Instruction accordingly; and

- (B) if, following the application of *pro rata* scaling (prior to any adjustment as referred to in paragraph (A) above), the principal amount of Existing Notes otherwise due to be accepted for purchase from an Eligible Holder pursuant to a Non-Preferred Instruction would be less than U.S.\$200,000, the Company may in its sole discretion choose to (i) accept at least U.S.\$200,000 or (ii) reject the relevant Non-Preferred Instruction in its entirety. All Existing Notes not accepted as a result of scaling will be returned to relevant holder on the Settlement Date.

Any Eligible Holder that gives instructions on behalf of a beneficial owner must give separate instructions with respect to each of its beneficial owners, each equal to the minimum tender amount of U.S.\$200,000, and integral multiples of U.S.\$1,000 in excess thereof.

CONCURRENT OFFERING OF THE NEW NOTES, PRIORITY OF ACCEPTANCE AND PREFERENTIAL ALLOCATION

The Company is concurrently conducting an offering of the New Notes. Any investment decision to purchase any New Notes should be made solely on the basis of the information contained in the Offering Documents, and no reliance is to be placed on any information other than that contained in the Offering Documents.

An Eligible Holder that wishes to tender its Existing Notes for purchase pursuant to the Offer in addition to subscribing for New Notes may receive (at the Company's sole and absolute discretion) priority of acceptance ("**Priority of Acceptance**") in the Offer through the use of an Investor Code, subject to conditions (including, but not limited to, the Financing Condition) which are set out in this Tender Offer Memorandum.

Any Eligible Holder can request an Investor Code by contacting the Dealer Managers, the contact details for which are set out in this Tender Offer Memorandum. The Information and Tender Agent will, upon receipt of certain required information from the Dealer Managers, provide such Investor Code to the relevant Eligible Holder. The receipt of a unique reference number obtained from the Dealer Managers by an Eligible Holder who wishes to tender its Existing Notes in the Offer in addition to subscribing for New Notes (an "**Investor Code**") does not constitute acceptance of a tender of Existing Notes for purchase pursuant to the Offer by the Company.

Any Eligible Holder that wishes to receive a Priority of Acceptance must specify in the free format text field of its Tender Instruction (i) the Investor Code, (ii) the name of the beneficial owner of the Existing Notes being tendered and (iii) a contact telephone number for the beneficial owner of such Existing Notes. An Eligible Holder that wishes to tender Existing Notes for purchase pursuant to the Offer but does not wish to subscribe for New Notes can submit a Tender Instruction to this effect and without an Investor Code.

If the aggregate principal amount of Existing Notes tendered for purchase is greater than the Maximum Acceptance Amount, the Company will accept Existing Notes validly tendered pursuant to Preferred Instructions in priority to Existing Notes validly tendered pursuant to Non-Preferred Instructions. See also "The Offer — Proration".

Priority of Acceptance may be given, at the Company's sole and absolute discretion, for an aggregate principal amount of Existing Notes subject to a Preferred Instruction equal to the aggregate principal amount of New Notes allocated to the relevant Eligible Holder in the distribution of the New Notes. **If an Eligible Holder submits a Preferred Instruction representing an aggregate principal amount of Existing Notes greater than the aggregate principal amount of New Notes that is allocated to the relevant Eligible Holder in the distribution of New Notes, the Company may, in its sole and absolute discretion, treat any such excess amount as a Non-Preferred Instruction.**

The New Notes may price before the Expiration Deadline and such pricing may be completed without any further announcement to the Eligible Holders. An Eligible Holder who wishes to subscribe for the New Notes should notify the Dealer Managers as soon as possible in order to receive further details regarding how to subscribe for the New Notes. An Eligible Holder that wishes to receive a Priority of Acceptance must specify the Investor Code in its Tender Instruction.

The Company may, acting in its sole and absolute discretion, decline to accept an application quoting an Investor Code in the event that an Eligible Holder specifies a wrong Investor Code or in the case there is any other irregularity or defect related to the Investor Code, which irregularity or defect will be determined by the Company

in its sole discretion. The Company reserves the absolute right to waive any such irregularity or defect. See “Procedures for Participating in the Offer — Irregularities”.

An Eligible Holder that wishes to subscribe for New Notes in addition to tendering its Existing Notes for purchase pursuant to the Offer may receive preference in the allocation of such New Notes, subject to conditions (including, but not limited to, the Financing Condition) which are set out in this Tender Offer Memorandum. When considering allocations of New Notes, the Company, among other factors, intends to look favourably upon those Eligible Holders who have, prior to the allocation of the New Notes, indicated their firm intention to the Company or the Dealer Managers to tender their Existing Notes. Accordingly, if an Eligible Holder submits a bid for New Notes to one of the Dealer Managers (in its capacity as a joint lead manager (each, a “**Joint Lead Manager**” and together, the “**Joint Lead Managers**”) in the concurrent offering of the New Notes) in accordance with the standard new issue procedures of such Joint Lead Manager, the Company may, in its sole and absolute discretion, accord such Eligible Holder a preferential allocation of the New Notes (a “**Preferential Allocation**”). However, neither the Company nor the Dealer Managers are obligated to allocate New Notes or any particular quantity of New Notes to an Eligible Holder that has validly tendered or indicated its firm intention to tender Existing Notes in the Offer. As the New Notes may price before the Expiration Deadline, Eligible Holders who wish to obtain a Preferential Allocation should indicate their firm intention to the Company or the Dealer Managers as soon as possible and submit a bid for the New Notes, which should be in the form of a separate application to a Joint Lead Manager in the concurrent offering of the New Notes in accordance with the standard new issue procedures of such Joint Lead Manager.

The New Notes will only be offered in transactions exempt from the registration requirements of the Securities Act. The Offer is not an offer to sell or a solicitation of an offer to buy the New Notes. This Tender Offer Memorandum relates exclusively to the Offer and is not, and should not be construed to be, an offering of any securities.

The New Notes will be offered or sold only outside the United States in “offshore transactions” as defined in, and in reliance on, Regulation S under the Securities Act. No action has been or will be taken in any jurisdiction in relation to any New Notes to permit a public offering of securities. The Company will not consider any investors for priority allocation of New Notes as described above unless such investor will be able to comply with the requirements of Regulation S under the Securities Act and any applicable securities laws of any state or territory of the United States. Accordingly, the New Notes are being offered and sold only in offshore transactions in reliance on Regulation S under the Securities Act.

In the event that an Eligible Holder validly tenders its Existing Notes pursuant to the Offer, such Existing Notes will remain subject to such tender and the conditions of the Offer as set out in this Tender Offer Memorandum irrespective of whether that Eligible Holder receives all, part or none of any allocation of New Notes.

TENDER INSTRUCTIONS

In order to participate in, and be eligible to receive the Purchase Price and Accrued Interest Payment pursuant to, the Offer, Eligible Holders must validly tender their Existing Notes for purchase by delivering, or arranging to have delivered on their behalf, a valid Tender Instruction (as defined below) that is received by the Information and Tender Agent by the Expiration Deadline, unless extended, re-opened, amended and/or terminated as provided in this Tender Offer Memorandum.

Eligible Holders are advised to check with any bank, securities broker or other intermediary through which they hold Existing Notes when such intermediary would need to receive instructions from an Eligible Holder in order for that Eligible Holder to be able to participate in the Offer by the deadline specified in this Tender Offer Memorandum. Custodians, Direct Participants and Clearing Systems will have deadlines for receiving instructions prior to the Expiration Deadline and Eligible Holders should contact the intermediary through which they hold their Existing Notes as soon as possible to ensure proper and timely delivery of instructions.

Separate Tender Instructions must be submitted on behalf of each beneficial owner due to potential proration.

Except in the limited circumstances as described in “Amendment and Termination — Revocation Rights” in this Tender Offer Memorandum, Tender Instructions will be irrevocable once delivered in accordance with the terms of the Offer.

ANNOUNCEMENTS

The Company will announce its decision of whether to accept valid tenders of Existing Notes pursuant to the Offer and, if so accepted, (i) the aggregate principal amount of Existing Notes accepted for purchase by the Company, (ii) the aggregate principal amount of Existing Notes that will remain outstanding after the Settlement Date, (iii) the Settlement Date and (iv) any scaling factor (if applicable) as soon as reasonably practicable on or about 29 October 2024.

Announcements will be made through the website of the SGX-ST, the Offer Website, the issue of a press release to a Notifying News Service and/or the delivery of notices to the Clearing Systems for communication to Direct Participants. Copies of the announcements, press releases and notices can also be obtained from the Offer Website <https://clients.dfkingltd.com/glp>, operated by the Information and Tender Agent, the contact details for which are on the last page of this Tender Offer Memorandum. Significant delays may be experienced where notices are delivered to the Clearing Systems, and Eligible Holders are urged to contact the Information and Tender Agent for the relevant announcements during the course of the Offer. In addition, Eligible Holders may contact the Dealer Managers for information using the contact details on the last page of this Tender Offer Memorandum. Any Existing Notes purchased pursuant to the Offer will be cancelled.

SUMMARY OF THE OFFER

The Company	GLP Pte. Ltd.
Existing Notes	The 3.875 per cent. Senior Notes due 2025 (ISIN: XS1242348164, Common Code: 124234816) issued by the Company on 4 June 2015.
Rationale for the Offer	The purpose of the Offer is to proactively manage the Company's upcoming debt maturities and extend its debt maturity profile.
The Offer	Upon the terms and subject to the conditions set out in this Tender Offer Memorandum (as it may be amended or supplemented from time to time), the Company hereby invites Eligible Holders (as defined in this Tender Offer Memorandum) to tender their Existing Notes for purchase by the Company for cash of an aggregate principal amount of Existing Notes up to the Maximum Acceptance Amount at the Purchase Price, plus Accrued Interest. See "The Offer".
Maximum Acceptance Amount	The amount to be determined and announced by the Company as soon as reasonably practical after the Expiration Deadline or such other date in the Company's sole discretion, which in any case will not be greater than the aggregate principal amount of the New Notes. The Company reserves the right, in its sole discretion, to increase or otherwise modify the Maximum Acceptance Amount, to accept less than the Maximum Acceptance Amount, or to accept none of such Existing Notes, for purchase pursuant to the Offer.
Purchase Price	U.S.\$1,000 for each U.S.\$1,000 in principal amount of Existing Notes.
Proration	<p>If the aggregate principal amount of Existing Notes validly tendered is greater than the Maximum Acceptance Amount, the Company intends to (i) accept tenders of Existing Notes for purchase validly tendered pursuant to any Preferred Instructions, and (ii) accept tenders of Existing Notes for purchase pursuant to any Non-Preferred Instructions, on a <i>pro rata</i> basis such that the aggregate principal amount of Existing Notes accepted for purchase is no greater than the Maximum Acceptance Amount. Such <i>pro rata</i> application will be performed by accepting (in respect of each relevant Non-Preferred Instruction) that proportion of Existing Notes validly tendered which is equal to (x) the Maximum Acceptance Amount less the principal amount of Existing Notes validly tendered pursuant to Preferred Instructions divided by (y) the aggregate principal amount in respect of all Existing Notes validly tendered pursuant to Non-Preferred Instructions, subject to adjustment resulting from the rounding of tenders of Existing Notes and the intentions of the Company described in the next paragraph.</p> <p>Each tender of Existing Notes that is scaled in this manner will be rounded down to the nearest integral multiple of U.S.\$1,000. In addition, in the event of any such scaling:</p> <p>(A) the Company will use reasonable endeavours to apply <i>pro rata</i> scaling to each valid tender of Existing Notes pursuant to Non-Preferred Instructions in such a manner as will result in both: (i) the relevant Eligible Holder transferring Existing Notes to the Company in a principal amount of at least U.S.\$200,000 (unless the relevant Non-Preferred Instruction is rejected in its entirety, as described in (B) below); and (ii) the relevant Eligible Holder's residual amount of Existing Notes (being the principal amount of Existing Notes the subject of</p>

the relevant Non-Preferred Instruction that is not accepted for purchase by the Company by virtue of such scaling) amounting to either (x) at least the minimum denomination of U.S.\$200,000 or (y) U.S.\$0 and, subject as provided in (B) below, the Company therefore reserves the right (but shall not be obliged) to adjust the relevant scaling factor applicable to any relevant Non-Preferred Instruction accordingly; and

(B) if, following the application of *pro rata* scaling (prior to any adjustment as referred to in paragraph (A) above), the principal amount of Existing Notes otherwise due to be accepted for purchase from an Eligible Holder pursuant to a Non-Preferred Instruction would be less than U.S.\$200,000, the Company may in its sole discretion choose to (i) accept at least U.S.\$200,000 or (ii) reject the relevant Non-Preferred Instruction in its entirety. All Existing Notes not accepted as a result of scaling will be returned to relevant holder on the Settlement Date.

Any Eligible Holder that gives instructions on behalf of a beneficial owner must give separate instructions with respect to each of its beneficial owners, each equal to the minimum tender amount of U.S.\$200,000, and integral multiples of U.S.\$1,000 in excess thereof.

Concurrent offering of the New Notes, Priority of Acceptance and Preferential Allocation

The Company is concurrently conducting an offering of the New Notes. Any investment decision to purchase any New Notes should be made solely on the basis of the information contained in the Offering Documents relating to the New Notes, and no reliance is to be placed on any information other than that contained in the Offering Documents.

An Eligible Holder that wishes to tender their Existing Notes for purchase pursuant to the Offer in addition to subscribing for New Notes may receive (at the Company's sole and absolute discretion) Priority of Acceptance in the Offer through the use of an Investor Code, subject to conditions (including, but not limited to, the Financing Condition) which are set out in this Tender Offer Memorandum.

Any Eligible Holder can request an Investor Code by contacting the Dealer Managers, the contact details for which are set out in this Tender Offer Memorandum. The Information and Tender Agent will, upon receipt of certain required information from the Dealer Managers, provide such Investor Code to the relevant Eligible Holder. The receipt of an Investor Code does not constitute acceptance of a tender of Existing Notes for purchase pursuant to the Offer by the Company.

Any Eligible Holder that wishes to receive a Priority of Acceptance must specify in the free format text field of its Tender Instruction (i) the Investor Code, (ii) the name of the beneficial owner of the Existing Notes being tendered and (iii) a contact telephone number for the beneficial owner of such Existing Notes. An Eligible Holder that wishes to tender Existing Notes for purchase pursuant to the Offer but does not wish to subscribe for New Notes can submit a Tender Instruction to this effect and without an Investor Code.

If the aggregate principal amount of Existing Notes tendered for purchase is greater than the Maximum Acceptance Amount, the Company will accept Existing Notes validly tendered pursuant to Preferred Instructions in priority to Existing Notes validly tendered pursuant to Non-Preferred Instructions. See also "The Offer — Proration".

Priority of Acceptance may be given, at the Company's sole and absolute discretion, for an aggregate principal amount of Existing Notes subject to a

Preferred Instruction equal to the aggregate principal amount of New Notes allocated to the relevant Eligible Holder in the distribution of the New Notes.

If an Eligible Holder submits a Preferred Instruction representing an aggregate principal amount of Existing Notes greater than the aggregate principal amount of New Notes that is allocated to the relevant Eligible Holder in the distribution of New Notes, the Company may, in its sole and absolute discretion, treat any such excess amount as a Non-Preferred Instruction.

The New Notes may price before the Expiration Deadline and such pricing may be completed without any further announcement to the Eligible Holders. An Eligible Holder who wishes to subscribe for the New Notes should notify the Dealer Managers as soon as possible in order to receive further details regarding how to subscribe for the New Notes. An Eligible Holder that wishes to receive a Priority of Acceptance must specify the Investor Code in its Tender Instruction.

The Company may, acting in its sole and absolute discretion, decline to accept an application quoting an Investor Code in the event that an Eligible Holder specifies a wrong Investor Code or in the case there is any other irregularity or defect related to the Investor Code, which irregularity or defect will be determined by the Company in its sole discretion. The Company reserves the absolute right to waive any such irregularity or defect. See “Procedures for Participating in the Offer — Irregularities”.

An Eligible Holder that wishes to subscribe for New Notes in addition to tendering their Existing Notes for purchase pursuant to the Offer may receive preference in the allocation of such New Notes, subject to conditions (including, but not limited to, the Financing Condition) which are set out in this Tender Offer Memorandum. When considering allocations of New Notes, the Company, among other factors, intends to look favourably upon those Eligible Holders who have, prior to the allocation of the New Notes, indicated their firm intention to the Company or the Dealer Managers to tender their Existing Notes. Accordingly, if an Eligible Holder submits a bid for New Notes to one of the Dealer Managers (in its capacity as a Joint Lead Manager in the concurrent offering of the New Notes) in accordance with the standard new issue procedures of such Joint Lead Manager, the Company may, in its sole and absolute discretion, accord such Eligible Holder a Preferential Allocation. However, neither the Company nor the Dealer Managers are obligated to allocate New Notes or any particular quantity of New Notes to an Eligible Holder that has validly tendered or indicated its firm intention to tender Existing Notes in the Offer. As the New Notes may price before the Expiration Deadline, Eligible Holders who wish to obtain a Preferential Allocation should indicate their firm intention to the Company or the Dealer Managers as soon as possible and submit a bid for the New Notes, which should be in the form of a separate application to a Joint Lead Manager in the concurrent offering of the New Notes in accordance with the standard new issue procedures of such Joint Lead Manager.

CONDITIONS OF THE OFFER

The Company expressly reserves the right, in its sole discretion, to refuse or delay acceptance of tenders of Existing Notes pursuant to the Offer in order to comply with applicable laws. In addition, notwithstanding any other provisions of the Offer, the Company will not be required to accept for purchase or to purchase Existing Notes validly tendered pursuant to the Offer, and may terminate, amend or extend the Offer or delay or refrain from accepting for purchase, or purchasing, Existing Notes or transferring any offer consideration, if any of the

following events or conditions exists or shall occur or shall be determined by the Company in its sole judgment to exist or have occurred:

- there shall have been instituted or threatened or be pending any action, proceeding or investigation (whether formal or informal) (or there shall have been any material adverse development to any action or proceeding currently instituted, threatened or pending) before or by any court, governmental, regulatory or administrative agency or instrumentality, or by any other person, in connection with the Offer that, in the sole judgment of the Company, either (a) is, or is reasonably likely to be, materially adverse to the business, operations, properties, condition (financial or otherwise), income, assets, liabilities or prospects of the Company and its subsidiaries, taken as a whole (the “**Group**”), (b) would or might prohibit, prevent, restrict or delay consummation of the Offer, or (c) would materially impair the contemplated benefits of the Offer to the Company or be material to Eligible Holders in deciding whether to accept the Offer;
- an order, statute, rule, regulation, executive order, stay, decree, judgment or injunction shall have been proposed, enacted, entered, issued, promulgated, enforced or deemed applicable by any court or governmental, regulatory or administrative agency or instrumentality that, in the sole judgment of the Company, either (a) would or might prohibit, prevent, restrict or delay consummation of the Offer or (b) is, or is reasonably likely to be, materially adverse to the business, operations, properties, condition (financial or otherwise), income, assets, liabilities or prospects of the Group;

- there shall have occurred or be likely to occur any change, event or development affecting the Company or its subsidiaries’ business or financial affairs that, in the sole judgment of the Company, either (a) would or might prohibit, prevent, restrict or delay consummation of the Offer or (b) have, or is reasonably likely to have, a material adverse effect on the business, operations, properties, condition (financial or otherwise), income, assets, liabilities or prospects of the Group, or on the ability of the Company to perform its obligations under the Offer;
- there shall have occurred any change or development, including a prospective change or development, in general economic, financial, currency exchange or market conditions in the United States, the United Kingdom, the European Union, Hong Kong, the People’s Republic of China (the “**PRC**”) or Singapore or, in the case of any of the foregoing existing on the date hereof, an acceleration or worsening thereof, that, in the reasonable judgment of the Company, has or may likely have a material adverse effect on the market price of the Existing Notes or upon trading in the Existing Notes or the value of the Existing Notes.
- there shall have occurred (a) any general suspension of, or limitation on prices for, trading in securities in the major securities or financial markets of the United States, the United Kingdom, the European Union, Hong Kong, the PRC or Singapore, (b) any significant adverse change in the price of the Existing Notes, (c) a material impairment in the general trading market for debt securities in the United States, the United Kingdom, the European Union, the PRC, Hong Kong or Singapore, (d) a declaration of a banking moratorium or any suspension of payments in respect to banks in the major financial markets, (e) any limitation (whether or not mandatory) by any government or governmental, administrative or regulatory authority or agency, domestic or foreign, or other event that, in the sole judgment of the Company, might affect the extension of credit by banks or other lending institutions, (f) a commencement of a war, armed hostilities, terrorist acts or other national or international calamity (including, among others, outbreak or escalation of any disaster, epidemic or other acts of God) directly or indirectly involving the United States, the United Kingdom, the European Union, Hong Kong, PRC, Singapore or any other country in which the Company or any of its subsidiaries conducts its business or (g) in the case of any of the foregoing existing on the commencement date of the Offer, a material acceleration or worsening thereof; or
- any Eligible Holder shall have objected in any respect to or taken any action that could, in the sole judgment of the Company, adversely affect the consummation of the Offer or shall have taken any action that challenges the validity or effectiveness of the procedures used by the Company in the making of the Offer or the acceptance and payment of the tendered Existing Notes.

In addition, the Company’s obligation to transfer any consideration is conditional upon its acceptance of Existing Notes for purchase pursuant to the Offer.

The conditions of the Offer are for the benefit of the Company and may be asserted by it in its sole discretion regardless of the circumstances giving rise to such conditions or may be waived by it, in whole or in part, in its sole discretion, whether or not any other condition of the Offer also is waived. The Company's failure at any time to exercise any of its rights will not be deemed a waiver of any other right, and each right will be deemed an ongoing right which may be asserted at any time and from time to time.

If any of the conditions are not satisfied and are not waived by the Company, subject to the termination rights described above, the Company may (i) return Existing Notes tendered thereunder to Eligible Holders, (ii) extend the Offer and retain all Existing Notes tendered thereunder until the expiration of such extended offer or (iii) amend the Offer in any respect by making an announcement of such amendment in the manner described in "Expected Timetable of Events" in this Tender Offer Memorandum.

The Company has not made a decision as to what circumstances would lead it to waive any such condition, and any such waiver would depend on circumstances prevailing at the time of such waiver. Although the Company has no present plans or arrangements to do so, it reserves the right to amend, at any time, the terms of the Offer.

The Company will only accept for purchase Existing Notes pursuant to the Offer after the submission of a valid Tender Instruction in respect of such Existing Notes in accordance with the procedures described in "Procedures for Participating in the Offer". These procedures include the blocking of Existing Notes tendered in the relevant account in the relevant Clearing System from the date the relevant Tender Instruction is submitted until the earlier of (i) the time of settlement on the Settlement Date and (ii) the date of termination of the Offer (including where Existing Notes are not accepted by the Company for purchase). See also "Risk Factors and Other Considerations".

The Company will at all times have the discretion to accept for purchase any Existing Notes tendered in the Offer the tender of which would otherwise be invalid or, in the sole opinion of the Company, may otherwise be invalid.

Eligible Holders are advised that the Company may, in its sole discretion, accept tenders of Existing Notes pursuant to the Offer on more than one date if such Offer is extended or re-opened.

The failure of any person to receive a copy of this Tender Offer Memorandum or any announcement made or notice issued in connection with the Offer shall not invalidate any aspect of the Offer. No acknowledgement of receipt of any Tender Instruction and/or other documents will be given by the Company or the Information and Tender Agent.

The Company may reject tenders of Existing Notes which it considers in its sole discretion not to have been validly tendered in the Offer and the Company is under no obligation to any relevant Eligible Holder to furnish any reason or justification for refusing to accept such tenders. For example, tenders of Existing Notes may be rejected and not accepted and may be treated as not having been validly tendered in the Offer if any such tender does not comply with the requirements of a particular jurisdiction.

No offer of, or solicitation to buy or otherwise acquire, the New Notes is being made pursuant to this Tender Offer Memorandum. Any investment decision to purchase any New Notes should be made solely on the basis of the information contained in the Offering Documents relating to the New Notes, and no reliance is to be placed on any information other than that contained in the Offering Documents. Subject to compliance with all applicable securities laws and regulations, the Offering Documents will be available from the Dealer Managers (in their capacity as Joint Lead Managers) on request. This Tender Offer Memorandum should not be deemed to be an offer to sell or a solicitation of an offer to purchase the New Notes. Applications to purchase New Notes are subject to all applicable securities laws and regulations in force in any relevant jurisdiction (including the jurisdiction of the relevant holder of Existing Notes and the selling restrictions set out in the Offering Documents). It is the sole responsibility of each holder of Existing Notes to satisfy itself that it is eligible to purchase the New Notes.

RISK FACTORS AND OTHER CONSIDERATIONS

Before making a decision whether to tender Existing Notes pursuant to the Offer, holders of Existing Notes should carefully consider all of the information in this Tender Offer Memorandum and, in particular, the following factors. Eligible Holders should make such inquiries as they think appropriate regarding the terms of the Tender Offer, all without relying on the Company, the Dealer Managers, the Information and Tender Agent or any other person. The following section does not describe all of the risks of participating in the Offer for holders.

UNCERTAINTY AS TO THE TRADING MARKET FOR EXISTING NOTES NOT PURCHASED

To the extent any tendered Existing Notes are accepted by the Company for purchase pursuant to the Offer, the trading market for Existing Notes that remain outstanding may be significantly more limited and their liquidity may be significantly reduced. Such remaining Existing Notes may command a lower market price than would a comparable issue of debt securities with greater market liquidity. A reduced market value may also make the trading price of such Existing Notes more volatile. As a result, the market price for Existing Notes that remain outstanding after completion of the Offer may be adversely affected by the Offer. There can be no assurance that an active market for the remaining outstanding Existing Notes will exist, develop or be maintained or any assurance as to the prices at which Existing Notes may be traded. The extent of the market for outstanding Existing Notes following completion of the Offer will depend, among other factors, upon the number of Eligible Holders that remain at such time. None of the Company, the Dealer Managers or the Information and Tender Agent has any duty to make a market in Existing Notes not validly tendered and purchased in the Offer that remain outstanding.

NO RECOMMENDATION HAS BEEN MADE AS TO WHETHER HOLDERS SHOULD TENDER EXISTING NOTES

The Purchase Price to be paid by the Company with respect to Existing Notes will not necessarily bear any relationship to the actual trading or other value of such Existing Notes. None of the Company or the Dealer Managers have made any determination that the consideration to be received in an Offer represents a fair valuation of the relevant Existing Notes. Holders of Existing Notes should independently analyse the value of the Existing Notes and make an independent assessment of the terms of the Offer. None of the Company, the Dealer Managers or the Information and Tender Agent has expressed any opinion as to whether the terms of the Offer are fair. None of the Company, the Dealer Managers or the Information and Tender Agent makes any recommendation that holders of Existing Notes should tender their Existing Notes or refrain from doing so pursuant to the Offer, and none of them has authorised anyone to make any such recommendation.

NO OBLIGATION TO ACCEPT FOR PURCHASE EXISTING NOTES TENDERED

The Company is under no obligation to accept for purchase any Existing Notes tendered pursuant to the Offer. Tenders of Existing Notes may be rejected in the sole discretion of the Company for any reason and the Company is under no obligation to Eligible Holders to furnish any reason or justification for refusing to accept for purchase a tender of Existing Notes.

CONDITIONS TO CONSUMMATION OF THE OFFER

The consummation of the Offer is subject to the satisfaction or waiver of certain conditions (including, but not limited to, the Financing Condition). See “Further Information and Terms and Conditions — Conditions of the Offer”. There can be no assurance that such conditions will be satisfied or will be waived, or that the Offer will be consummated or that any failure to consummate the Offer will not have a negative effect on the market price and liquidity of the Existing Notes.

The Offer is not conditioned upon any minimum participation in the Offer.

RESPONSIBILITY FOR COMPLYING WITH THE PROCEDURES OF THE OFFER

Eligible Holders are responsible for complying with all the procedures for tendering Existing Notes pursuant to the Offer. None of the Company, the Dealer Managers or the Information and Tender Agent assumes any responsibility for informing any Eligible Holders of irregularities with respect to such Eligible Holder's participation in the Offer.

COMPLETION, TERMINATION AND AMENDMENT

Until the Company announces whether it has decided to accept valid tenders of Existing Notes pursuant to the Offer, no assurance can be given that such Offer will be completed. Existing Notes that are not successfully tendered for purchase pursuant to the Offer will remain outstanding. In addition, subject to applicable law and as provided in this Tender Offer Memorandum, the Company, in its sole discretion, may extend, re-open, amend or terminate the Offer at any time before such announcement and may, in its sole discretion, waive any of the conditions to the Offer. Existing Notes validly tendered prior to any extension of the Offer will remain blocked (until the earlier of (i) the time of settlement on the Settlement Date and (ii) the date of any termination of the Offer (including where such Existing Notes are not accepted by the Company for purchase)) and may be accepted for purchase by the Company. Even if the Offer is completed, it may not be completed on the timetable described in this Tender Offer Memorandum. Accordingly, Eligible Holders may have to wait longer than expected to receive consideration for their Existing Notes.

TENDER INSTRUCTIONS IRREVOCABLE

Except in the limited circumstances as described in “Amendment and Termination — Revocation Rights” in this Tender Offer Memorandum, Tender Instructions will be irrevocable once delivered in accordance with the terms of the Offer.

EFFECT OF THE MAXIMUM ACCEPTANCE AMOUNT

The amount of Existing Notes accepted for purchase in the Offer may be limited because of the Maximum Acceptance Amount, the consequences of which include, among other things, that the Company may only accept for purchase Existing Notes up to Maximum Acceptance Amount, even if Existing Notes in excess of such amount are validly tendered. Therefore, upon application of the proration described in this Tender Offer Memorandum, the Company may not purchase all of Existing Notes that are validly tendered and all Existing Notes not accepted for purchase as a result of proration will be returned to Eligible Holders.

The Company reserves the right, in its sole discretion, to increase or otherwise modify the Maximum Acceptance Amount, to accept less than the Maximum Acceptance Amount, or to accept none of such Existing Notes, for purchase pursuant to the Offer. Holders should only tender their Existing Notes if they are prepared that such Tender Instructions may be accepted for purchase by the Company in full, in part or not at all.

COMPLIANCE WITH OFFER AND DISTRIBUTION RESTRICTIONS

Eligible Holders are referred to the offer and distribution restrictions in “Offer and Distribution Restrictions” and the agreements, acknowledgements, representations, warranties and undertakings in “Procedures for Participating in the Offer”, which Eligible Holders will be deemed to make on submission of a Tender Instruction. These representations and warranties include a representation that such Eligible Holder or any beneficial owner of Existing Notes or any person on whose behalf such person is acting is not a U.S. person (as defined under the Securities Act) or located or resident in the United States and will not be located or resident in the United States at the time of the submission of its Tender Instruction. Non-compliance with these could result in, among other things, the unwinding of trades and/or heavy penalties.

THE CONSIDERATION TO BE RECEIVED IN THE OFFER DOES NOT REFLECT ANY VALUATION OF THE EXISTING NOTES

The Company has made no determination that the consideration to be received in the Offer represents a fair valuation of the Existing Notes. The Company has not obtained a fairness opinion from any financial advisor about the fairness to the Company or the holders of Existing Notes of the consideration to be received by the Eligible Holders. Accordingly, none of the Company, the Dealer Managers, the Information and Tender Agent or any other person is making any recommendation as to whether or not Eligible Holders should tender Existing Notes for purchase in the Offer.

THE AMOUNT OF EXISTING NOTES FOR WHICH PRIORITY OF ACCEPTANCE MAY BE GIVEN IS SUBJECT TO THE COMPANY’S DISCRETION

When considering acceptance of any Tender Instructions, the Company may (in its sole and absolute discretion) elect to give preference to those Eligible Holders who have either subscribed for or indicated to the Company or the Dealer Managers their firm intention to subscribe for the New Notes pursuant to the concurrent offering of the New Notes. However, the Company is not obliged to accept any Existing Notes from such Eligible Holder. The

receipt of an Investor Code or the submission of a valid Preferred Instruction does not guarantee that an Eligible Holder's tender of their Existing Notes will be accepted in whole (or at all) pursuant to the Offer. The aggregate principal amount of Existing Notes, if any, for which Priority of Acceptance may be given to any Eligible Holder will be subject to the sole and absolute discretion of the Company and may be less than, equal to or greater than the aggregate principal amount of New Notes subscribed for (or firmly indicated to be subscribed for) by such Eligible Holder in the concurrent offering of the New Notes and allocated for sale, and may be less than other investors in the Existing Notes who did not so validly subscribe, or firmly indicate to subscribe. The New Notes may price before the Expiration Deadline and such pricing may be completed without any further announcement to the Eligible Holders. Eligible Holders who wish to subscribe for the New Notes should notify the Dealer Managers as soon as possible in order to receive further details regarding how to subscribe for the New Notes.

An Eligible Holder wishing for its Tender Instruction or its intention to tender Existing Notes to be accorded a Preferential Allocation for the New Notes should contact a Dealer Manager (in its capacity as a Joint Lead Manager of the issue of the New Notes) in accordance with the standard new issue procedure of such Joint Lead Manager. The pricing of the New Notes may take place prior to the Expiration Deadline and, as such, Eligible Holders are advised to contact a Dealer Manager (in its capacity as a Joint Lead Manager of the issue of the New Notes) as soon as possible in order for this to be taken into account as part of the New Notes allocation process.

THE AMOUNT OF ANY NEW NOTES FOR WHICH PREFERENTIAL ALLOCATION MAY BE GIVEN IS SUBJECT TO THE COMPANY'S DISCRETION

When considering allocations of any New Notes, the Company may (in its sole and absolute discretion) elect to give preference to those Eligible Holders who have either tendered or indicated to the Company or the Dealer Managers their firm intention to tender Existing Notes pursuant to the Offer. However, the Company is not obliged to allocate any New Notes to such Eligible Holder. The aggregate principal amount of New Notes, if any, for which Preferential Allocation may be given to any Eligible Holder will be subject to the sole and absolute discretion of the Company and may be less than, equal to or greater than the aggregate principal amount of Existing Notes validly tendered (or firmly indicated to be tendered) by such Eligible Holder in the Offer and accepted for purchase, and may be less than other investors in any New Notes who did not so validly tender, or firmly indicate to tender.

SEPARATE SETTLEMENT

Payment under (i) the Offer and (ii) the issue of New Notes are subject to separate settlement processes. Eligible Holders who are subscribing for New Notes will be required to make payment for such New Notes prior to receiving the relevant payment pursuant to the Tender Offer.

RESPONSIBILITY TO CONSULT ADVISERS AND FOR ASSESSING THE MERITS OF THE OFFER

Eligible Holders should consult their own tax, accounting, financial and legal advisers regarding the suitability to themselves of the tax or accounting consequences of participating in the Offer. None of the Dealer Managers, the Information and Tender Agent, the Company, nor any director, officer, employee, agent or affiliate of any such person, is acting for any Eligible Holder, nor will be responsible to any Eligible Holder for providing any protections which might be afforded to its clients or for providing advice in relation to the Offer, and accordingly none of the Dealer Managers, the Information and Tender Agent, the Company, nor any director, officer, employee, agent or affiliate of any such person, makes any recommendation as to whether or not Eligible Holders should tender Existing Notes pursuant to the Offer.

Each Eligible Holder is responsible for assessing the merits of the Offer. None of the Company, the Dealer Managers or the Information and Tender Agent has made or will make any assessment of the merits of the Offer or of the impact of the Offer on the interests of the Eligible Holders either as a class or as individuals.

RESTRICTIONS ON TRANSFER OF EXISTING NOTES

When considering whether to participate in the Offer, Eligible Holders should take into account that restrictions on the transfer of Existing Notes by Eligible Holders will apply from the time of submission of Tender Instructions. An Eligible Holder will, on submitting a Tender Instruction, agree that its Existing Notes will be blocked in the relevant account in the relevant Clearing System from the date the relevant Tender Instruction is submitted until the earlier of (i) the time of settlement on the Settlement Date and (ii) the date of any termination of the Offer (including where such Existing Notes are not accepted by the Company for purchase). During such period of time, Existing Notes that are blocked in the relevant Clearing System cannot be transferred. The trading price of the Existing Notes may move during the period from the date hereof to the Settlement Date, in particular,

as a result of volatility in interest rates and/or exchange rates. Eligible Holders cannot trade their Existing Notes while they are blocked and may suffer losses as a result of a fall in trading prices.

COSTS INCURRED IN BLOCKING EXISTING NOTES

The fees, if any, which may be charged by the relevant Clearing System to the Direct Participant in connection with the blocking (or unblocking) of Existing Notes or otherwise must be borne by the Direct Participant or as otherwise agreed between the Direct Participant and the relevant Eligible Holder. For the avoidance of doubt, Direct Participants and Eligible Holders shall have no recourse to the Company, the Dealer Managers or the Information and Tender Agent with respect to such costs.

AUTHORISED DENOMINATIONS OF THE EXISTING NOTES

Existing Notes may only be tendered in authorised denominations of U.S.\$200,000 and integral multiples of U.S.\$1,000 in excess thereof.

An Eligible Holder whose tender of Existing Notes for purchase pursuant to the Offer is accepted by the Company and who, following purchase of the relevant Existing Notes on the Settlement Date and taking into account any scaling applied to tenders, continues to hold in its account with the relevant Clearing System further Existing Notes in a principal amount of less than U.S.\$200,000, being the minimum denomination of the Existing Notes, would need to purchase a principal amount of Existing Notes such that its holding amounts to at least U.S.\$200,000 before (a) such Existing Notes may be traded in the Clearing Systems or (b) it may receive a Existing Note in definitive form in respect of such Existing Notes (should Existing Notes in definitive form be printed).

CONFLICTS OF INTEREST

The Dealer Managers are involved in a wide range of commercial banking, investment banking and other activities out of which conflicting interests or duties may arise. The Dealer Managers and any of their respective subsidiaries and affiliates, in connection with their other business activities, may possess or acquire material information about the Existing Notes. Such activities and conflicts may include, without limitation, the exercise of voting power, the purchase and sale of securities, the provision of financial advisory services and the exercise of creditor rights. None of the Dealer Managers or any of their respective subsidiaries and affiliates has any obligation to disclose any such information about the Existing Notes or the Company and its subsidiaries and affiliates. The Dealer Managers and any of their respective subsidiaries and affiliates and their officers and directors may engage in any such activities without regard to the Existing Notes or the effect that such activities may directly or indirectly have on any of the Existing Notes. In particular, the Dealer Managers will be acting as the Joint Lead Managers in relation to the offering of the New Notes which are the subject of the Financing Condition.

OTHER PURCHASES OR REDEMPTION OF EXISTING NOTES

Whether or not the Offer is completed, the Company and its affiliates may, to the extent permitted by applicable laws and regulations, continue to acquire, from time to time during or after the Offer, Existing Notes other than pursuant to the Offer, including through open market repurchases, privately negotiated transactions, tender offers, exchange offers or otherwise, upon such terms and at such prices as they may determine. Such prices may be more or less than the price to be paid pursuant to the Offer and could be for cash or other consideration and such purchases may otherwise be on terms more or less favourable than those contemplated in the Offer. Any future purchase or redemption by the Company will depend on various factors existing at that time.

There can be no assurance as to which, if any, of the foregoing alternatives (or combinations thereof) the Company will choose to pursue in the future and when or if such alternatives might be pursued.

EFFECT OF THE OFFER ON EXISTING RATINGS FOR THE EXISTING NOTES

There can be no assurance to holders of untendered Existing Notes that as a result of the Offer or otherwise, Fitch Ratings, Inc. or other rating agencies would not take action to downgrade or negatively comment upon their respective ratings on the Existing Notes. Any downgrade or negative comment would likely adversely affect the market price of the untendered Existing Notes.

TENDERS OF EXISTING NOTES BY SANCTIONS RESTRICTED PERSONS WILL NOT BE ACCEPTED

Holders of Existing Notes or beneficial owners of Existing Notes who is a Sanctions Restricted Person may not participate in the Offer. No steps taken by a Sanctions Restricted Person to tender any or all of its Existing Notes for purchase pursuant to the Offer will be accepted by the Company and such Sanctions Restricted Person will not be eligible to receive the Purchase Price, or any Accrued Interest Payment, in any circumstances.

TAX CONSEQUENCES

In view of the number of different jurisdictions where tax laws may apply to an Eligible Holder, this Tender Offer Memorandum does not discuss the tax consequences for Eligible Holders arising from the purchase of Existing Notes by the Company pursuant to the Offer. Eligible Holders are urged to consult their own professional advisers regarding these possible tax consequences under the laws of the jurisdictions that apply to them or to the purchase of their Existing Notes and the receipt pursuant to the Offer of the Purchase Price and any Accrued Interest Payment. Eligible Holders are liable for their own taxes and have no recourse to the Company, the Dealer Managers or the Information and Tender Agent with respect to taxes arising in connection with the Offer.

PROCEDURES FOR PARTICIPATING IN THE OFFER

Eligible Holders who need assistance with respect to the procedures for participating in the Offer should contact the Information and Tender Agent, the contact details for which are on the last page of this Tender Offer Memorandum.

SUMMARY OF ACTION TO BE TAKEN

The Company will only accept for purchase Existing Notes tendered pursuant to the Offer by way of the submission of valid Tender Instructions in accordance with the procedures set out in this section “Procedures for Participating in the Offer”.

To tender Existing Notes for purchase pursuant to the Offer, an Eligible Holder should deliver, or arrange to have delivered on its behalf, via the relevant Clearing System and in accordance with the requirements of such Clearing System, a valid Tender Instruction that is received by the Information and Tender Agent by the Expiration Deadline.

Tender Instructions must be submitted only in minimum denominations of U.S.\$200,000 and integral multiples of U.S.\$1,000 in excess thereof.

Eligible Holders are advised to check with any bank, securities broker or other intermediary through which they hold Existing Notes when such intermediary would need to receive instructions from an Eligible Holder in order for that Eligible Holder to be able to participate in an Offer by the deadline specified in this Tender Offer Memorandum. Custodians, Direct Participants and Clearing Systems will have deadlines for receiving instructions prior to the Expiration Deadline and holders of Existing Notes should contact the intermediary through which they hold their Existing Notes as soon as possible to ensure proper and timely delivery of instructions.

TENDER INSTRUCTIONS

The tendering by an Eligible Holder of Existing Notes for purchase by the Company will be deemed to have occurred upon receipt by the Information and Tender Agent from the relevant Clearing System of a valid Tender Instruction submitted in accordance with the requirements of such Clearing System. The receipt of such Tender Instruction by the relevant Clearing System will be acknowledged in accordance with the standard practices of such Clearing System and will result in the blocking of the relevant Existing Notes in the Eligible Holder’s account with the relevant Clearing System so that no transfers may be effected in relation to such Existing Notes.

Eligible Holders must take the appropriate steps through the relevant Clearing System so that no transfers may be effected in relation to such blocked Existing Notes at any time after the date of submission of such Tender Instruction, in accordance with the requirements of the relevant Clearing System and the deadline required by such Clearing System. By blocking such Existing Notes in the relevant Clearing System, each Direct Participant will be deemed to consent to have the relevant Clearing System provide details concerning such Direct Participant’s identity, account details and instructed amount to the Information and Tender Agent (and for the Information and Tender Agent to provide such details to the Company, the Dealer Managers, and their respective legal advisers). In the event that any *pro rata* application applies, any Existing Notes not accepted for purchase due to *pro rata* application will be unblocked.

Only Direct Participants may submit Tender Instructions through the Clearing Systems. Each Eligible Holder that is not a Direct Participant must arrange for the Direct Participant through which such Eligible Holder holds its Existing Notes to submit a valid Tender Instruction on its behalf to the relevant Clearing System by the deadline specified by the relevant Clearing System, which may be earlier than the deadline specified in this Tender Offer Memorandum.

A separate Tender Instruction must be submitted on behalf of each individual beneficial owner due to potential proration. GENERAL

Tender of Existing Notes to non-U.S. persons outside the United States Only

The Company will only accept Tender Instructions from an Eligible Holder or beneficial owner of Existing Notes (or any person acting as agent, custodian, fiduciary or other intermediary capacity for an Eligible Holder or

beneficial owner) who is not a U.S. person (as such term is defined pursuant to Regulation S under the Securities Act) and who is outside the United States.

Separate Tender Instructions

A separate Tender Instruction must be submitted on behalf of each beneficial owner due to potential proration.

IRREVOCABILITY

Except in the limited circumstances as described in “Amendment and Termination — Revocation Rights” in this Tender Offer Memorandum, the submission of a valid Tender Instruction in accordance with the procedures set out in this section “Procedures for Participating in the Offer” will be irrevocable.

IRREGULARITIES

All questions as to the validity, form and eligibility of any Tender Instruction and acceptance for purchase of any tendered Existing Notes will be determined by the Company in its sole discretion, which determination shall be final and binding.

The Company reserves the absolute right to reject any and all Tender Instructions not in proper form, or if the acceptance of or purchase of, such Existing Notes may, in the opinion of the Company and its legal advisers, be unlawful. The Company further reserves the absolute right to waive any defects, irregularities or delay in the submission of any and all Tender Instructions. The Company also reserves the absolute right to waive any such defect, irregularity or delay in respect of particular tenders of Existing Notes, whether or not the Company elects to waive similar defects, irregularities or any delay in respect of any other tenders of Existing Notes.

Any defect, irregularity or delay must be cured within such time as the Company determines, unless waived by it. Tender Instructions will be deemed not to have been made until such defects, irregularities or delays have been cured or waived. None of the Company, the Dealer Managers or the Information and Tender Agent shall be under any duty to give notice to an Eligible Holder of any defects, irregularities or delays in any Tender Instruction nor shall any of them incur any liability for failure to give such notice.

GOVERNING LAW

The contract constituted by the Company’s acceptance for payment in accordance with the terms of this Tender Offer Memorandum of all Existing Notes validly tendered (or defectively tendered, if such defect has been waived by the Company) and any non-contractual obligations arising out of or in connection therewith shall be governed by the laws of England.

AMENDMENT AND TERMINATION

Notwithstanding any other provision of the Offer, the Company may, subject to applicable laws, at its option and in its sole discretion, at any time before any acceptance by it of Existing Notes tendered in the Offer:

- (a) extend the Expiration Deadline for, or re-open, the Offer (in which case all references in this Tender Offer Memorandum to “Expiration Deadline” shall for the purposes of the Offer, unless the context otherwise requires, be to the latest time and date to which such Expiration Deadline has been so extended or such Offer re-opened, and the Settlement Date shall be extended accordingly);
- (b) otherwise extend, re-open or amend the terms of the Offer in any respect (including, but not limited to, any increase, decrease, extension, re-opening or amendment, as applicable, in relation to the Expiration Deadline, Settlement Date, Purchase Price and/or Maximum Acceptance Amount) whereupon all references to those concepts in this Tender Offer Memorandum shall be deemed to be references to those concepts as so amended;
- (c) delay the acceptance of Tender Instructions or purchase of Existing Notes validly tendered in the Offer until satisfaction or waiver of the conditions to the Offer, even if the Offer has expired; or
- (d) terminate the Offer, including with respect to Tender Instructions submitted before the time of such termination.

The Company also reserves the right at any time to waive any or all of the conditions of the Offer as set out in this Tender Offer Memorandum.

The Company will ensure an announcement is made of any such extension, re-opening, amendment or termination as soon as is reasonably practicable after the relevant decision is made through the website of the SGX-ST, the Offer Website, the issue of a press release to a Notifying News Service and/or the delivery of notices to the Clearing Systems for communication to Direct Participants. To the extent a decision is made to waive any condition of any Offer generally, as opposed to in respect of certain tenders of Existing Notes for purchase only, such decision will also be announced as soon as is reasonably practicable after it is made through the website of the SGX-ST, the Offer Website and/or the issue of a press release to a Notifying News Service.

In the event the Offer is terminated, notwithstanding the irrevocability of all Tender Instructions, all Tender Instructions in respect of Existing Notes will be deemed to be revoked automatically.

REVOCAION RIGHTS

If the Company amends the Offer in any way that, in the opinion of the Company (in consultation with the Dealer Managers), is materially prejudicial to Eligible Holders that have already tendered Existing Notes, the announcement of such amendment shall include a statement that in the Company’s opinion such amendment is materially prejudicial to such Eligible Holders. In such circumstances, tenders of Existing Notes may be revoked at any time from the date and time of such announcement until 4:00 p.m. (London time) / 11:00 p.m. (Singapore time) on the third Business Day following such announcement (subject to the earlier deadlines required by the Clearing Systems and any intermediary through which Eligible Holders hold their Existing Notes).

Any extension or re-opening of the Offer (including any amendment to the Expiration Deadline and/or the Settlement Date) in accordance with the terms of the Offer as described in this section “Amendment and Termination” shall not be considered materially prejudicial to Eligible Holders that have already tendered Existing Notes in the Offer before the announcement of such amendment.

Eligible Holders wishing to exercise any right of revocation as set out above should do so in accordance with the procedures set out in “Procedures for Participating in the Offer”. Beneficial owners of Existing Notes that are held through an intermediary are advised to check with such entity when it would require receipt of instructions to revoke a tender of Existing Notes in order to meet the above deadline. For the avoidance of doubt, any Eligible Holder who does not exercise any such right of revocation in the circumstances and in the manner specified above shall be deemed to have waived such right of revocation and its original Tender Instruction will remain effective in respect of the Offer as amended.

Eligible Holders are advised to check with any bank, securities broker or other intermediary through which they hold Existing Notes when such intermediary would require to receive revocation instructions from an Eligible Holder in order for that Eligible Holder to be able to revoke their instruction to participate in, the

Offer before the deadline specified above. The deadline set by any such intermediary and each Clearing System for the revocation instructions will be earlier than the relevant deadline specified above.
